

Dobermann Club of Queensland Inc.

TATTOO/MICROCHIP REGISTRATION

The Dobermann Club of Queensland Inc. provides tattooing services to all Dobermann owners and maintains a register of all tattooed or microchipped Dobermanns to aid in the location and identification of lost animals. Tattooing or microchipping also provides that unique identification necessary in case such as Genetic Health tests and Breed Survey.

For allocation of a tattoo number for your Dobermann or litter, complete the following details and return the form to the club's Tattoo Officer. The Tattoo Officer will contact you with the allocated tattoo number and make arrangements for your dog or litter to be tattooed. **Tattooing is FREE for DCQ members and \$10 per dog or \$50 per litter for non-members.**

If your dog already has a tattoo or microchip number, you must still complete this form. Verification details must be supplied prior to the details being accepted on the club's register.
